

MUHAMMAD AWAIS

ELECTRICAL ENGINEER

Punjab/Narowal, Pakistan | awaisrafique322@gmail.com

I am a 6th-semester Electrical Engineering student at UET Lahore, Narowal Campus, with a strong foundation in programming, problem-solving, and emerging technologies. Passionate about AI, software development, and data science, I aim to apply my skills to real-world challenges and contribute to innovative, impactful projects.

AREA OF EXPERTISE

Frontend Development (Html, Css, Js)	Canva Design	Matlab
Backend Development (Django, Python)	Machine Learning (Python)	Responsive Design

KEY ACHIEVEMENTS

- Workshops & Seminars** – Organized 90% of university workshops and seminars on Web Development and Machine Learning, providing hands-on training and industry insights.
- Leadership & Management** – Served as Co-Head of IET Robotics Society, leading 70% of robotics initiatives, workshops, and events to promote innovation and hands-on learning.
